DigiClean Microfiber Mobile Cell Phone Screen Cleaner Sticker

Do you remember the last time you looked at a dirty screen? Probably right now! We are surrounded by dirty, oily screens that deserve a soft, non-abrasive cleaning cloth that is typically out of reach.

DigiClean® Micro fiber phone screen cleaners sticker are always handy, sticking to the devices we carry with us. These screen wipes do a remarkable job on removing makeup, fingerprints, dirt and oil. And when they get dirty, just wash it with soap and water. DigiClean® ultra fine micro fibre cell phone screen cleaner stickers are non-abrasive, non-toxic and long lasting.

DigiClean® Ultrafine Microfiber Mobile Phone Screen Wipe Stickers include a custom printed Marketing Card (2" x 3.5" or 3.5 x 6"). Both the cleaner and card are 4 Color Process, Full Bleed and deliver your message with True Color Fidelity & Graphics Reproduction.

Patented DigiClean® has a Superior Acrylic Adhesion Technology, sticking to virtually any surface. DigiClean Screen Wipes are Washable, Reusable and always handy.

Ships from USA - No Overseas Shipping Charges!

DigiClean® Plus™ Advanced Adhesion System

Why DigiClean® Plus™? TWO huge benefits:

1. Sticks to all mobile phones and almost all protective cases
2. Option to full color imprint the back / adhesion side

The #1 challenge for all screen cleaner stickers is adhering to the wide variety of protective cases on the market. Many cases are rubberized, textured or have a matte soft-touch finish. The DigiClean Plus sticks to almost all of these cases, over and over again!

Other screen cleaner stickers, including the DigiClean® Original, were designed to only adhere to glossy plastic and metal surfaces, and will not adhere to many of the cases described above.

The DigiClean Plus has a crystal clear adhesion layer that allows a full color dye sublimation to show through. This allows maximum creativity on both sides, literally doubling the imprint area for a small upcharge of \$0.15 (v) each!

Promotional Mobile Phone Screen Cleaner Stickers

To Order, Contact Your Promotional Product Distributor

Standard Production: up to 5000 ships 10 business days after proof approval.

RUSH Production - \$95 per artwork : ships 8 business days after proof approval.

All DigiClean orders ship **FOB Ft. Worth, TX**

Ground Shipping Within the US (ex AK and HI) Will Not Exceed \$US:

250 = \$18 ... 500 = \$22 ... 1000 = \$30 ... 2000 = \$45 ... 5000 = \$75

PRICING INCLUDES: Full Color Screen Cleaner AND Full Color Marketing Card

DISTRIBUTORS: PRODUCTION CUT-OFF TIME

POs with Proof Approval received by 5pm Central are considered "In Production" that day.

Proofs for orders are provided within hours IF the artwork is in vector format and setup according to the templates at digiclean.com/graphics with PMS colors supplied for the cleaner.

We match PMS colors on the screen cleaner on a best effort basis and we make several attempts to create color matches with our dyes before producing an order. Should you require to see an actual printed piece, it will delay the order at least one week. And if you prefer, we will re-submit samples until you are satisfied OR we will accept cancellation of your order prior to releasing the screen cleaner into production. Please go to digiclean.com/pre-production-samples

Setup Charge Includes file preparation for printing offset, digital 4 color process, and/or dye sublimation. Included are any simple requests that take less than 15 minutes such as the addition of a phone number, email address, URL, or the simple arrangement of elements that are provided in workable vector file formats (not photos or PowerPoint files) with fonts outlined.

Any other work such as the re-creation of logos, basic creative work, or other artwork required that is not submitted as defined above, will be charged a reasonable amount based on \$25 per half hour.

For virtual proofs requiring extensive card creation, this rate applies as well.
